

## MJC Presidential Search Decision

October 4, 2005

MODESTO, CA – The Yosemite Community College District Chancellor, Dr. James Williams, learned today that Dr. Luke Robins has turned down the offer to become Modesto Junior College’s next president. Dr. Robins cited other opportunities that are a better fit for himself and his family as the primary reason for the decision. He expressed much appreciation and gratitude for a wonderful experience during his visit to MJC. According to Chancellor Williams, “I have recommended to the Board that we restart the search as soon as possible.” That recommendation will be discussed at the Board’s October 12 meeting.
