

[Microsoft Office Outlook Connector 12.1](#)

Brief Description

With Microsoft Office Outlook Connector, you can use Microsoft Office Outlook 2003 or Microsoft Office Outlook 2007 to access and manage your Microsoft Windows Live Hotmail or Microsoft Office Live Mail accounts, including e-mail messages, contacts and calendars for free!

<http://www.microsoft.com/downloads/details.aspx?FamilyID=9A2279B1-DF0A-46E1-AA93-7D4870871ECF&displaylang=en#filelist>

Once you download and install the connector, launch your Outlook client. You should see a prompt to configure the Outlook Connector – please acknowledge to begin configuring your student e-mail with Outlook. Then, fill out your student e-mail account information in the provided screens. (See screen captures below for example).

Microsoft Office Outlook Connector

Set up Outlook Connector to automatically synchronize your Web-based accounts in Outlook.

Type your e-mail address and password. [Help](#)
