INDEPENDENT AUDITOR'S REPORT

Board of Directors Great Valley Museum Foundation Modesto. California

Report on the Financial Statements

We have audited the accompanying financial statements of Great Valley Museum Foundation (the "Foundation") which comprise the statements of financial position as of June 30, 2020 and 2019, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Great Valley Museum Foundation as of June 30, 2020 and 2019, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 1 to the financial statements, the Foundation has adopted ASU 2018-08, *Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made.* Our opinion is not modified with respect to this matter.

NOTE 1 - NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

<u>Organization</u>: Great Valley Museum Foundation (the "Foundation") is a nonprofit public benefit corporation whose specific and primary purpose is the procurement and extension of financial support toward the maintenance and modification of the Great Valley Museum of Natural History's (the "Museum's") facilities which includes a nature gift shop.

<u>Basis of Accounting</u>: The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

<u>Basis of Presentation</u>: The Foundation has adopted the provisions of Codification Topic 958-605, Accounting for Contributions Received and Contributions Made, and Codification Topic 958-205, Financial Statements of Not-for-Profit Organizations. Accordingly, the net assets of the Foundation and changes therein are classified and reported as follows:

- Net Assets Without Donor Restrictions Net assets not subject to donor-imposed stipulations. As of both June 30, 2020 and 2019, \$105,975 was designated by the Board of the Foundation for a Boarddesignated endowment.
- Net Assets With Donor Restrictions Net assets subject to donor imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity. Donor-imposed restrictions are released when a restriction expires, that is, when the stipulated time has elapsed, when the stipulated purpose for which the resource was restricted has been fulfilled, or both

Expenses are reported as decreases in net assets without donor restrictions. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in net assets without donor restrictions unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restriction on net assets (i.e., the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

<u>Cash and Cash Equivalents</u>: The Foundation considers cash and cash equivalents to include cash in commercial checking accounts and demand deposits in money market funds that are used for operational purposes with original maturity dates of three month or less. The Foundation at times may include in its depository account cash that has been restricted as to its use by donors. Cash and cash equivalent balances, at times, may be in excess of the Federal Deposit Insurance Corporation insurance limit of \$250,000. At June 2020 and 2019, cash did not exceed the federally insured limits.

<u>Investments</u>: Investments are carried at fair value. Net change in the fair value of investments, which consists of realized gains or losses and the unrealized appreciation (depreciation) of those investments, is reported in the statement of activities. Investment income is accrued as earned.

<u>Collections</u>: The Foundation capitalized its collections. Accessions are capitalized at cost, if purchased and at appraised or fair value, at date of accession if received by donation. Gains and losses on deaccessions of donated collections are recorded based on the presence or absence of donor restrictions placed on items at the date of donation.

<u>Inventory</u>: Inventory is stated at cost and consists of items available for resale in the nature shop of the Museum.

(Continued)

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Contributions</u>: Contributions are recognized as revenues in the period received. Unconditional promises to give (pledges) are recognized as revenue when the commitment is communicated to the Foundation. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met or explicitly waived by the donor.

<u>Functional Allocation of Expenses</u>: The costs of providing the various activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

<u>Endowment Assets</u>: The Board of Directors of the Foundation has interpreted UPMIFA (under applicable California statutes) as requiring the preservation of the fair value of the original gift as of the gift date of the endowment funds with donor restrictions absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as net assets with donor restrictions (a) the original value of gifts donated to the endowment, (b) the original value of subsequent gifts to the endowment, and (c) accumulations to the endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. As of the years ending June 30, 2020 and 2019, all endowments are board-designated endowment funds.

The Foundation follows adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain purchasing power of the endowment assets.

The investment objective is to optimize earnings on all invested funds, while maintaining the preservation of capital. Risk will be minimized by investing in high quality fixed income instruments. To the extent that corporate obligations are purchased, those purchases will be diversified in terms of issuer and industry sector.

<u>Income Taxes</u>: The Foundation is exempt from income taxes under Section 501(c)(3) of the *Internal Revenue Code* and Section 23701(d) of the *California Revenue and Taxation Code*. The Foundation has been classified as an organization that is not a private foundation under Section 509(a)(2). The Foundation has not entered into any activities that would jeopardize its tax-exempt status. Accordingly, no provision for income taxes is required.

The Foundation files exempt organization returns in the U.S. federal and California jurisdictions. The federal returns for tax years 2017 and beyond, and the California returns for tax years 2016 and beyond, remain subject to examination by the taxing authorities.

The Foundation adopted FASB ASC 740, *Income Taxes*, which clarifies the accounting for uncertainty in income taxes recognized in the Foundation's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FASB ASC 740 also provides guidance on derecognition and measurement of a tax position taken or expected to be taken in a tax return.

The Foundation believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements. The Foundation does not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months.

Interest and penalties on tax assessments are classified as income tax expense when incurred. For the years ended June 30, 2020 and 2019, the Foundation did not incur any interest or penalties.

NOTE 1 – NATURE OF ACTIVITIES AND SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

<u>Estimates</u>: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates

Accounting pronouncements adopted: In June 2018, the FASB issued Accounting Standards Update (ASU) 2018-08, Not-for-Profit Entities (Topic 958): Clarifying the Scope and the Accounting Guidance for Contributions Received and Contributions Made. The amendments in this Update provide a more robust framework to determine when a transaction should be accounted for as a contribution under Subtopic 958-605 or as an exchange transaction accounted for under other guidance (for example, Topic 606). The amendments also provide additional guidance about how to determine whether a contribution is conditional. The Foundation adopted this ASU during the year ended June 30, 2020. The Foundation implemented ASU 2018-08 using a full retrospective method of application. There were no material changes to the recognition or presentation of revenue as a result of the application of ASU 2018-08. As a result, no cumulative effect adjustment was recorded upon adoption.

<u>Subsequent Events</u>: In December 2019, a novel strain of coronavirus surfaced, and has spread around the world, with resulting business and social disruption. The coronavirus was declared a Public Health Emergency of International Concern by the World Health Organization on January 30, 2020. The operations and investment results of the Foundation could be adversely affected. The extent to which the coronavirus may impact Foundation activity or investment results will depend on future developments, which are highly uncertain and cannot be predicted, including new information which may emerge concerning the severity of the coronavirus and the actions required to contain the coronavirus or treat its impact, among others.

NOTE 2 - INVESTMENTS

Following is a summary of investments held for the year ended June 30 as follows:

	<u>2020</u>			<u>2019</u>		
Equity securities	\$	416,810	\$	424,711		
Total investments	\$	416,810	\$	424,711		

The Foundation accounts for certain assets and liabilities in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, Fair Value Measurements. The Foundation measures some assets at fair value on a recurring basis as described in note 1. The Foundation may be required, from time to time, to measure certain assets and liabilities at fair value on a non-recurring basis. The Foundation had no assets or liabilities that were required to be measured on a non-recurring basis as of June 30, 2020 and 2019.

(Continued)

NOTE 2 – INVESTMENTS (Continued)

The Foundation classifies its fair value assets and liabilities into a hierarchy of three levels based on the markets in which they are traded and the reliability of the assumptions used to determine fair value. The asset or liability measurement level within the hierarchy is based on the lowest level of any assumption that is significant to the measurement.

Valuations within the hierarchy levels are based upon the following:

Level 1: Quoted market prices for identical instruments traded in active exchange markets.

Level 2: Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3: Model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect the Foundation's estimates of assumptions that market participants would use on pricing the asset or liability. Valuation techniques include management judgment and estimation which may be significant.

The Foundation is required or permitted to record the following assets at fair value on a recurring basis:

			June 30, 2020			
	Description	Fair Value	Level 1	Level 2	Level 3	
Investment securities: Equity securities		\$ 416,810	\$ 416,810	\$ -	\$ -	
Total investments		\$ 416,810	\$ 416,810	\$ -	\$ -	
				June 30, 2019		
	<u>Description</u>	<u>Fair Value</u>	Level 1	Level 2	Level 3	
Investment securities: Equity securities		\$ 424,711	\$ 424,711	\$ -	\$ -	
Total investments		\$ 424,711	\$ 424,711	\$ -	\$ -	

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended June 30, 2020 and 2019.

Equity Securities – Equity securities are valued at the closing price reported on the active market on which the individual securities are traded (Level 1).

(Continued)

NOTE 2 - INVESTMENTS (Continued)

Following is a summary of investment income for the year ended June 30 as follows:

		<u>2019</u>		
Dividends, interest, and fees Net realized/unrealized gain (losses)	\$	8,117 (943)	\$	6,994 4,146
Total	\$	7,174	\$	11,140

NOTE 3 - ENDOWMENTS

The Foundation accounts for endowments under the Uniform Prudent Management of Institutional Funds Act (UPMIFA) as enacted in California and its own governing documents. All endowments are board-designated endowment funds. See note 1, Net Assets for more details on the use and investment of those funds.

The board designated endowment net asset composition as of June 30, and the related activity during the year then ended consists of the following:

	2020	<u>2019</u>		
Endowment net assets, beginning of year Net appreciation (depreciation) realized and unrealized	\$ 105,975 \$	105,975		
Income	1,978	1,866		
Appropriation of endowment assets for expenditure	 (1,978)	(1,866)		
Endowment net assets, end of year	\$ 105,975 \$	105,975		

NOTE 4 - NET ASSETS WITH DONOR RESTRICTIONS

Net assets with donor restrictions at June 30, consisted of the following:

	<u>2020</u>	<u>2019</u>
Subject to expenditure for a specific purpose:		
Capital projects	\$ 62,996	\$ 62,996
Collections	24,000	24,000
Water Access	7,003	6,876
Periodic Table	 28,476	27,959
Total net assets with donor restrictions	\$ 122,475	\$ 121,831

NOTE 5 – ADMINISTRATIVE EXPENSES

The District provides certain administrative and fiscal services to the Foundation in a service and advisory capacity.

For the fiscal years ending June 30, 2020 and 2019, the Foundation has a financial agreement with the District to cover operating costs of the Museum. This agreement requires the Foundation to reimburse \$78,000 to the District, payable in semi-annual installments of \$39,000. The \$78,000 is an estimate of the expenses required to operate the Museum. The Foundation records amounts due to the District on the statement of financial position for payments made by the District on-behalf of the Foundation.

NOTE 6 – LIQUIDITY AND AVAILABILITY

The Foundation's financial assets available within one year of June 30, 2020 to meet general expenditures are approximately as follows:

	<u>2020</u>	<u>2019</u>
Financial assets at year end:		
Cash and cash equivalents	\$ 145,525	\$ 176,640
