Report on the Financial Statements

We have audited the accompanying financial statements of Modesto Junior College Foundation (the "Foundation") which comprise the statement of financial position as of June 30, 2015, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Modesto Junior College Foundation as of June 30, 2015, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 2 to the financial statements, net assets as of July 1, 2014 have been restated to correct the classification of contributions received and previously recorded as permanently restricted net assets to unrestricted and temporarily restricted net assets. Our opinion is not modified with respect to this matter.

MODESTO JUNIOR COLLEGE FOUNDATION
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization: The Modesto Junior College Foundation (the Foundation), formed on January 8, 1968, is a nonprofit public benefits organization whose mission is to generate financial support for and increase community awareness of students, programs, and activities of Modesto Junior College. Modesto Junior College is a part of the Yosemite Community College District (the District), and provides higher education instruction in Modesto, California, and the surrounding area.

Basis of Presentation: Net assets, revenues, expenses, gains, and losses are classified based on the existence or absence of donor-imposed restrictions. Accordingly, net assets of the Foundation and changes therein are classified and reported as follows:

Unrestricted Net Assets: Net assets that are not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets: Net assets subject to donor-imposed stipulations that may or will be met either by actions of the Foundation and/or the passage of time. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Permanently Restricted Net Assets: Net assets subject to donor-imposed stipulations that they be maintained permanently by the Foundation. Generally, the donors of these assets permit the Foundation to use all or part of the income earned on any related investments for general or specific purposes.

Cash and Cash Equivalents: The Foundation considers cash and cash equivalents to include cash in commercial checking accounts and demand deposits in money market funds that are used for operational purposes with original maturity dates of three month or less. The Foundation at times may include in its depository account cash that has been restricted as to its use by donors. Cash and cash equivalent balances, at times, may be in excess of the Federal Deposit Insurance Corporation insurance limit of \$250,000. At June 30, 2015, cash exceeded federally insured limits by \$230,955.

Investments: Investments are carried at fair value. Net change in the fair value of investments, which consists of realized gains or losses and the unrealized appreciation (depreciation) of those investments, is reported in the statement of activities as a component of investment income. Investment income is accrued as earned.

Net Assets: The Foundation accounts for its endowments in accordance with Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to and Enacted Version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA), and Enhanced Disclosures for All Endowment Funds (Codification Topic 958-205). The Foundation's endowment currently consists of 78 individual funds established for the purpose of supporting education at the District. All endowments are donor-restricted endowment funds. There are no funds designated by the Board of Directors to function as endowments. Net assets associated with endowment funds, are classified and reported based on the existence or absence of donor-imposed restrictions.

MODESTO JUNIOR COLLEGE FOUNDATION
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2015

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

The Board of Directors of the Foundation has interpreted UPMIFA as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Foundation classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the organization in a manner consistent with the standard prudence prescribed by UPMIFA.

The Foundation follows adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowments while seeking to maintain purchasing power of the endowment assets. Endowment assets are those assets of donor-restricted funds that the Foundation must hold in perpetuity or for a donor-specific period(s).

The investment objective is to optimize earnings on all invested funds, while maintaining the preservation of capital. The Foundation targets a diversified asset allocation that places an emphasis on money market funds, bond funds and equity-based investments to achieve its long-term return objective within prudent risk parameters.

Other Receivables: The Foundation utilizes the allowance method of accounting for uncollectible accounts receivable. No allowance was necessary at June 30, 2015.

Restricted and Unrestricted Revenue and Support: Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions. Donor-restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restrictions are accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions.

Contributions: Contributions are recognized as revenues in the period received. Unconditional promises to give (pledges) are recognized as revenue when the commitment is communicated to the Foundation. Conditional promises to give are not recognized until they become unconditional, that is, when the conditions on which they depend are substantially met. Event revenues received in advance are deferred and recognized in the period as the events occur.

Management Fee Income: The Foundation assessed a 1.8% management fee on all restricted and temporarily restricted endowments, unless there are restrictions from the donor specific to management fees, based on the fund balances in each endowment as of December 31 of each year. Income from this fee is unrestricted and is used to support the Foundation's operations and mission.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTES TO THE FINANCIAL STATEMENTS

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Functional Allocation of Expenses: The costs of providing the various activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited.

Income Taxes: The Foundation, as a nonprofit organization, is exempt from income taxes under Section 501(c)(3) of the *Internal Revenue Code* and Section 23701(d) of the *California Revenue and Taxation Code*. The Foundation has not entered into any activities that would jeopardize its tax-exempt status. Accordingly, no provision for income taxes is required.

The Foundation files exempt organization returns in the U.S. federal and California jurisdictions. The federal returns for tax years 2011 and beyond, and the California returns for tax years 2010 and beyond, remain subject to examination by the taxing authorities.

The Foundation adopted FASB ASC 740, *Income Taxes*, which clarifies the accounting for uncertainty in income taxes recognized in the Foundation's financial statements and prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. FASB ASC 740 also provides guidance on de-recognition and measurement of a tax position taken or expected to be taken in a tax return.

The Foundation believes that it has appropriate support for any tax positions taken, and as such, does not have any uncertain tax positions that are material to the financial statements. The Foundation does not expect the total amount of unrecognized tax benefits to significantly change in the next 12 months. Interest and penalties on tax assessments are classified as income tax expense when incurred. For the year ended June 30, 2015, the Foundation did not incur any interest or penalties.

Subsequent Events: Management has evaluated subsequent events through June 14, 2016, the date on which the financial statements were available to be issued.

NOTE 2 - PRIOR PERIOD ADJUSTMENT

The net assets as of July 1, 2014 have been restated to correct an error in the classification of certain donor contributions from permanently restricted to unrestricted and temporarily restricted. The Foundation has determined that certain endowment funds received in previous periods do not contain donor stipulations that they be maintained permanently and therefore, should be classified as either unrestricted or temporarily restricted until such restrictions are met through the actions of the Foundation. The net assets as of July 1, 2014 have been restated to correct for this reporting error by reclassifying \$1,090,280 in permanently restricted net assets to \$32,013 in unrestricted net assets, and \$1,058,267 in temporarily restricted net assets. The total net assets balance of the Foundation has not changed. The effect on the prior year change in net assets would have been an increase in the unrestricted change in net assets and a decrease in the temporarily restricted change in net assets of \$152,724. This prior period adjustment has also impacted the beginning balance of the endowment activity disclosed in Note 4.

NOTE 3 - INVESTMENTS

Following is a summary of investments held for the years ended June 30 as follows:

	<u>2015</u>
Investments:	
Mutual funds	\$ 1,036,532
Equity securities	5,948,121
Debt and fixed income securities	<u>2,105,400</u>
Total investments	<u>\$ 9,090,053</u>

The Foundation accounts for certain assets and liabilities in accordance with Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 820, *Fair Value Measurements*. The Foundation measures some assets at fair value on a recurring basis. The Foundation may be required, from time to time, to measure certain assets and liabilities at fair value on a non-recurring basis. The Foundation had no assets or liabilities that were required to be measured on a non-recurring basis as of June 30, 2015

The Foundation classifies its fair value assets and liabilities into a hierarchy of three levels based on the markets in which they are traded and the reliability of the assumptions used to determine fair value. The asset or liability measurement level within the hierarchy is based on the lowest level of any assumption that is significant to the measurement. All of the Foundation's assets recorded at fair value at June 30, 2015 were Level 1 and level 2 assets.

Valuations within the hierarchy levels are based upon the following:

Level 1: Quoted market prices for identical instruments traded in active exchange markets.

Level 2: Quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model- based valuation techniques for which all significant assumptions are observable or can be corroborated by observable market data.

Level 3: Significant unobservable inputs that reflect a reporting entity's own assumptions about the methods that market participants would use in pricing an asset or liability.

Following is a description of the valuation methodologies used for assets measured at fair value. There have been no changes in the methodologies used during the year ended June 30, 2015.

The Foundation is required or permitted to record the following assets at fair value on a recurring basis:

	<u>June 30, 2015</u>			
<u>Description</u>	<u>Fair Value</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>

Mutual Funds - Each investor in a mutual fund will typically receive units of participation or shares in the mutual fund. These shares are valued daily, based on the underlying securities owned by the mutual fund, and are usually publicly traded equity securities.

Equity Securities - Equity securities are valued at the closing price reported on the active market on which the individual securities are traded.

Debt and Fixed Income Securities - Corporate and municipal bonds and other debt and fixed income securities are generally valued by a computerized pricing service or, for less actively traded issues, by utilizing a yield-based matrix system to arrive at an estimated market value.
