This sheet is only a brief summary of In-Network patient costs. The information does not include all of the detailed information, explanation of benefits, exclusions, and limitations. Plan participants should refer to the Evidence of Coverage (EOC) document for coverage details available through the plan program (Kaiser or Blue Shield). In the event the information in the summary differs from the EOC, the EOC will prevail. Please refer to the plan documents available through the District for applicable details, limitations, and exclusions. Out-of-Network services may not be covered. Employee cost/payroll deduction, if applicable, can be requested from the District.

A generic drug will always be dispensed if one is available. If you purchase a brand-name drug when a generic alternative is available, you will pay the generic co-payment PLUS the difference in cost between the brand name and the generic, even if your doctor writes "DISPENSE AS WRITTEN" (DAW) on the prescription. Specialty medication, some narcotic pain medications, and cough medications are not included in Costco lower generic copays or the 90-day supply program.
