

Measure E Bond Program COLUMBIA COLLEGE CAMPUS CONSTRUCTION UPDATE

UPDATES & ACTIVITIES THAT MAY IMPACT CAMPUS OPERATION

Week of September 2, 2013

Secondary Data Center

Work this week: This week's work includes sheetrock install at interior walls and ceilings. Outside the building, MEP trades will complete installation of underground utilities. Also, the modular elevator will be delivered on Friday 9/5 and start being assembled.

Access: Student pathway south of building will be closed on Friday 9/5 from 8:00 AM to approximately 11:00 AM while modular elevator is being installed.

Noise: Moderate noise could occur occasionally due to site related activities.

Parking: Moderate impact to parking at tennis courts due to contractor's staging of construction materials and modular elevator install on Friday 9/5.

Dust: Moderate impact due to site related construction activities.

Odors: Low Impact

Utilities: No impact to utilities is anticipated.

Sequoia Building Modernization

Work this week: This week's work will include demolition of components of existing mechanical, electrical and plumbing systems along with architectural elements such as interior wall veneers, window treatments, flooring and ceiling materials. Interior wall framing will continue.

Access: No impact anticipated.

Noise: Moderate noise could occur occasionally due to demolition activities.

Parking: No parking along section of north drive isle adjacent to the construction site.

Dust: Moderate noise could occur occasionally due to demolition activities.

Odors: Low Impact

Utilities: No impact to utilities is anticipated.
