## Measure E Bond Program Phase I Projects

### PROGRAM PROGRESS

#### **Bike Lanes, Pedestrian Pathways, and Roadways:**

The project is in the programming phase. The project committee is working with Kitchell in the development of a scope and budget.

#### **Disaster Recovery Center:**

The location has been determined to be in the existing Alder building. This programming phase/conceptual design is in progress. The Architect contract is the process of being signed.

#### **Manzanita Building:**

This project is in the programming phase.

#### **Facilities Master Plan (FMP):**

The Lionakis has been selected as the Architect to update the FMP. The project is scheduled to start later this month.

#### **Calaveras Educational Site:**

The property purchase is complete. The District is working out details on the scope of work with the Planning Department at the City of Angels.

#### **Oakdale Educational Site:**

The College and the District continue to review possible sites in the Oakdale area for the development of a future outreach facility.

### DESIGN PROGRESS

#### **Facilities Office Building:**

The District is working with the project committee to schedule design meetings. The design contract is in the process of being approved.

### CONSTRUCTION PROGRESS

#### **Science and Natural Resources Center:**

The construction is in progress. Interior walls, plumbing, mechanical and electrical work continues on all floors.
