

December 2008

Measure E Bond Program Phase I Projects

PROGRAM PROGRESS

Calaveras Educational Site:

Land is being evaluated in Angel's Camp for a future building site. A Property Boundary Survey was completed by the District and was forwarded to the property owner's Architect.

Oakdale Educational Site:

The College's Steering Committee continues to review possible sites in the Oakdale area for development of the future outreach center.

DESIGN PROGRESS

Bike Lanes and Pedestrian Pathways:

Project committee has been selected and the first kick-off meeting has been completed. Potential projects are being discussed and will be selected based on priority and budget.

Science & Natural Resources Building:

The construction document phase is complete and was submitted to DSA this month. The initial review period is anticipated to take four months with construction expected to start in early summer of 2009.

CONSTRUCTION PROGRESS

Child Development Center:

Project is scheduled to start construction this month.

Madrone Building:
