SCIENCE COMMUNITY CENTER AND GREAT **VALLEY MUSEUM (GVM):** This project includes the GVM, science labs, classrooms, planetarium, science sphere, a roof-top telescope viewing area, faculty offices, and a large conference center. The GVM has not vet opened: Kitchell is currently working with the Department of State Architects (DSA) to ensure safety of the high-end exhibits. The project came within the 10% ratio of change orders, 10% under project budget, and forecasting \$6.3 million return to MJC contingency budget. Discussion and questions ensued regarding recent changes in economy and its effect on building of bond projects and contingency budgets. Nearing the tail end of the funded projects, MJC has about \$11 million in contingency. MJC LIBRARY: This project is located on East Campus; and the entire building is being remodeled mostly due to the state of the economy working in favor of the college. Mark Newton reported all computer labs will be located in the library and provided photos of the construction progress. Completion for this project is planned for October with resources being fully available to students in the spring. DISTRICT OFFICE PROJECT - SHIPPING & RECEIVING: This project includes a loading dock, warehouse area for shipping and receiving functions, and an area for maintenance facilities. An overview of the floor plan was provided. Completion is scheduled for August, fencing and landscaping work is taking place. Discussion ensued regarding future parking for both MJC campuses. An update on the status of the light signal at Blue Gum Avenue was provided. The permit has been approved by the City of Modesto; there is a minor property issue and the District is in legal negotiations with the property owner: completion is expected in a few months.

In response to an inquiry from Jeff Phillips regarding the Sequoia project shortfall, it was reported that \$250K will be funded by scheduled maintenance to make the project whole and on budget. Discussion ensued regarding the Science Community Center hard costs and soft costs, which include professional services and fees, and the Turlock Educational Center. Mark Newton reported the Quarterly Expenditure Report provides a reporting of all the monies spent as of the. The District is moving forward with Central Services projects and currently in the early stages of design for the new District Offices -

Central Services Buildings; considerations for this project are energy efficiency and a establishing a zero carbon footprint.

#### 9. Bond Quarterly Expenditure/Revenue Report

CBOC members received the Quarterly Expenditure Report as part of their packet. As of April 30, 2013, MJC has total expenditures of about \$170.8 million, encumbered \$7.3 million, and ends with an unencumbered balance of \$41.8 million.
