Introduction

INTRODUCTION AND PROJECT TEAMS

Introduction

This document outlines the project program and design priorities for the new Student Services Project for the Modesto Junior College East Campus. The Campus is one of two that comprise Modesto Junior College. The College began in 1921 is situated in the Central Valley, serving an agricultural and manufacturing based economy. It is one of two comprehensive colleges within the Yosemite Community College District, which covers a 4,500 square mile area encompassing all of two counties (Stanislaus and Tuolumne) and parts of four others (Calaveras, Merced, San Joaquin and Santa Clara).

The new Student Services Project will consolidate the existing Student Services programs spread throughout East Campus, incorporate a Testing Center currently housed on West Campus, and allow for some growth in these programs. The project site is located at the heart of the campus, adjacent to the existing Morris Memorial Building in the landscaped campus quad near the main pedestrian circulation route. The District and the Campus want the new Student Services Project to be the missing front door to the East Campus, and to include a One Stop Shop approach to student services. The building should be contemporary and clearly identifiable as a landmark building, but also be harmonious with the existing campus fabric.

Architectural Team:

Robert Lavey – Principal in Charge
Nick Seierup – Design Principal
Sandra Corazzelli – Project Manager
Leigh Christy – Project Architect
Brian Knight – Project Designer

Campus Executive Committee:

Bob Nadell – Vice President of Student Services, Modesto Junior College
Tim Nesbitt – Director, Facilities Planning & Operations, Yosemite Community College District
Judy Lanchester – Asst. Director, Facilities Planning & Operations, Yosemite Community College District
Matt Kennedy – Program Manager, Kitchell
Marie Otaña – Project Manager, Kitchell

Student Services Planning Committee:

Susie Agostini – Dean, Admissions & Records / Testing & Assessment, MJC
Judy Drummond – Admissions & Records / Welcome Center, MJC
Myra Rush – Director, Financial Aid / Veterans, MJC
Carol McKenzie – Financial Aid / Veterans, MJC
Derek Waring – Dean, Counseling & Student Services, MJC
Pam Crittenden – Counseling, MJC
Linda Wong – Counseling, MJC
June Hunt – Career Development & Transfer Center, MJC
Claudia Ramirez – Career Development & Transfer Center, MJC
John Martinez – Dean, Special Programs, MJC
Hector Duarte – EOPS, MJC
Nancee Carrillo – Alternate Media, MJC
Francisco Banuelos – Director, PreCollege, MJC
Flerida Arias – PreCollege, MJC
Wendy Byrd – Director, Student Development & Campus Life, MJC
Martha Robles – Director, Student Success & Special Projects, MJC
Araceli Baniel – Health Services, MJC
Valerie Parker – Health Services, MJC
Cecilia Vera – Health Services, MJC

PROJECT PARAMETERS AND PLANNING PRIORITIES

Project Parameters

\$9.5 million construction budget

Includes some site work between new and Morris buildings and around new building

Includes but could exclude the following, to be paid for from other budgets:

YCCD Facilities – Painting and some lighting of renovated Morris Building spaces

MJC or Departments – Flooring and wall bases for renovated Morris Building spaces

27,611 gross square feet of building area w/ 33% grossing factor

8,656 gross square feet of renovation in Morris Memorial Building

18,955 gross square feet of new 2-story construction

Note: 3-Story Option reduces assignable square footage in new building by ±3% (±610 SF)

Student Services Project program includes mainly closed and open office spaces for assorted departments in addition to a large dividable classroom, conference rooms of varying sizes, computer labs, study areas / resource labs, nurses station, exam rooms, staff break room, workrooms, restrooms, storage, reception areas and large centralized double-height lobby.

Student Services Project location is at the heart of the campus, just west of the existing Morris Memorial Building in the landscaped quad near the main pedestrian circulation route.

Project Planning Priorities

The following planning priorities were identified in a Planning meeting with the Campus Executive Committee and the Student Services Planning Committee:

Relation to Campus Context

- Front door to campus
- Contemporary but harmonious
- Clearly identifiable
- Maintenance of mature trees
- Easy access between new building and existing Morris Memorial Building
- Connection to West Campus via technology

New Building Image & Aesthetics

- Welcoming
- Pleasant
- Comfortable
- Natural light
- Clear wayfinding

Planning Qualities

- One-Stop Shop
- Logical adjacencies
- Standard room sizes
- Universal design
- Central lobby “bullpen”

Spatial Qualities

- Efficient
- Flexible
- Open
- Light
- Adequate space
- Appropriate privacy

PROJECT SCHEDULE

Programming

Project Leadership Meeting
User group kick off meeting
User group Meeting #2
User group Meeting #3 (draft)
Final Program Review

Sept 13–Nov 2, 2007

Sept 13, 2007
Sept 13, 2007
Sept 26, 2007
Oct 23, 2007
Nov 2, 2007

Schematic Design

Schematic Design–Site Planning
Schematic Design–Developed Design
Final Design Presentation

Nov 5–Dec 19, 2007

Nov 15, 2007
Dec 4, 2007
Dec 19, 2007

Design Development

50% Design Development meeting
• Review project equipment information
• User review meetings, detailed plan review
100% Design Development meeting

Dec 20–Feb 21, 2008

Jan 21, 2008

Feb 21, 2008

Construction Documents

Construction Documents for DSA
• 50% Construction Documents
• 100% Construction Documents
DSA Review and Approval

Feb 22–May 22, 2008
Mar 29, 2008
May 22, 2008
May 2–Nov 19, 2008

Bidding

Nov 19–Dec 19, 2008

Construction Administration

Jan 2009–Oct 2010

Occupancy

October 2010

MEETING MINUTES

Thursday, September 13, 2007: Programming Phase Meeting 1

Agenda

Student Services Building: Modesto Junior College—East Campus
Yosemite Community College District

- 10:00 **Tour of existing Morris Building**
Matt Kennedy, Bob Lavey, Nick Seierup, Sandra Corazzelli, Leigh Christy
- 11:00 **Executive Committee Meeting**
Matt Kennedy, Bob Nadell, Tim Nesmith
Bob Lavey, Nick Seierup, Sandra Corazzelli, Leigh Christy
- 12:00 **Lunch**
- 1:00 **User Group Meeting**
Student Services User Group
Bob Lavey, Nick Seierup, Sandra Corazzelli, Leigh Christy
 Introduction to Perkins+Will team
 Review process
 Program Examples
 Student Center Examples
 Discuss project VISION
Small Group Program Discussions (TBD)
- 4:00 **Tour of West Campus Student Services Building**
Matt Kennedy, Bob Nadell, Tim Nesmith
Bob Lavey, Nick Seierup, Sandra Corazzelli, Leigh Christy

MEETING MINUTES

Thursday, September 13, 2007: Programming Phase Meeting 1

Attendees:

Bob Nadell, MJC SSvcs	June Hunt, MJC CD&T	Marie Otaia, Kitchell
Susie Agostini, MJC SSvcs	John Martinez, MJC SpecProg	Nick Seierup, P+W
Claudia Ramirez, MJC CD&T	Nancee Carrillo, MJC DSPS	Bob Lavey, P+W
Hector Duarte, MJC EOPS	Pamela Crittenden, MJC Coun	Sandra Corazzelli, P+W
Judy Drummond, MJC A&R	Tim Nesmith, YCCD	Leigh Christy, P+W
Martha Robles, MJC SSucess	Judy Lanchester, YCCD	
Myra Rush, MJC FAid	Matt Kennedy, Kitchell	

Summary

The purpose of the meeting was to discuss programming process, anticipated result, overall vision, and projected schedule with staff members.

Details

1. General introduction: All attendees introduced themselves, stating name and position.
2. Bob Lavey gave a programming process presentation, including:
 - Current estimated project construction budget (\$9.5 million)
 - Projected project design schedule (8 weeks for this phase)
 - Participatory programming definition (Process, Goals, Tools, and Results)
3. Nick Seierup gave a presentation on Perkins+Will's Foothill College project, focusing on:
 - Similarities in program
 - Differences in site
 - Design vision
 - Sustainable aspects
4. Nick Seierup led a discussion about the User Group's Vision of the Project. The following are points that arose from the Users during the discussion. Big-Picture Goals include:
 - One Stop Shop
 - Things students need to Start, Stay, and Leave
 - Combine disparate parts into one area
 - Building Image & Aesthetics
 - Contemporary but Harmonious
 - Does not look like an add-on
 - Clearly identifiable
 - Welcoming
 - Pleasant
 - Comfortable
 - Natural Light
 - Clear Wayfinding

MEETING MINUTES

- Spatial Qualities
 - Efficient • Flexible • Open
 - Especially in waiting areas
 - Visual connection between spaces to require minimal staff off-hours
 - Adequate space
 - At least one Classroom (shared?)
 - Separate spaces for each department, if possible
 - Computer Labs (shared?)
 - Open vs. Scheduled
 - Lab vs. Classroom
 - Storage
 - Staff Amenities
 - Restrooms • Patio? • Conference Space • Breakroom
 - Directors located in their area
 - Appropriate Privacy
- Universal [Design]
 - Include in new construction
 - Improve in existing Morris Building
 - Improve access to DSPS
 - Connect DSPS to EOPS and TRIO
 - Separate entry to DSPS?
- Technologically equipped and connected to West Campus
- Maintain mature trees
- User attitudes toward existing buildings on campus include:
 - Love: New Auditorium
 - Like: Library
 - Hate: Science Building & Founders Hall
 - Landmark: Campus Center & New Student Services Building
- One Stop Shop Components include:
 - Definite:
 - Admissions
 - Records
 - Testing & Assessment
 - Financial Aid
 - Counseling
 - Special Programs
 - DSPS • EOPS • TRIO
 - Career & Transfer
 - Desirable, but could be remote:
 - Student Development
 - Tutoring
 - Health Services
- Existing Morris Building renovation comments include:
 - Renovation of First Floor only in current scope
 - Improved access to Second Floor requested
 - Potential to removed added elevator/toilet structure in courtyard

MEETING MINUTES

- Relationship to New Building
 - Master Plan shows attached, but code issues encourage separation
 - Covered access between buildings requested
 - Siting will be discussed in upcoming meetings
 - Future population estimates are:
 - 20,000 students this semester
 - 2-3% growth per semester observed, but should be confirmed for future
5. Bob Lavey led a discussion about Next Steps and Project Schedule.
- Remainder of User Group meetings scheduled.
 - Programming Meeting #2
 - Wednesday, September 29 from 9:00am-4:00pm
 - Initial full group update from P+W
 - Individual User Group meetings, 30-45 minutes throughout the day
 - Programming Meeting #3
 - Tuesday, October 23 from 1:00pm-4:00pm
 - Programming Meeting #4
 - Friday, November 2 from 10:00am-12:00pm
 - Bob Nadell requested suggestions for other campus examples to visit in area.
 - Foothill opening on Tuesday, September 25 suggested.
 - P+W will investigate other options nearby.

MEETING MINUTES

Wednesday, September 26, 2007: Programming Phase Meeting 2

Agenda

10:00 Student Services User Group Meetings

- 10:00 Admissions/Records/Evaluation/Welcome Center
Manager Susie Agostini, Dean
- 10:30 Testing & Assessment
Manager Susie Agostini, Dean
- 11:00 Financial Aid
Manager Myra Rush, Director
- 11:30 Counseling/Career Development/Transfer Center
Manager Derek Waring, Dean

12:00 Lunch

1:00 Student Services User Group Meetings

- 1:00 DSPS
Manager John Martinez, Dean
- 1:30 EOPS
Manager John Martinez, Dean
- 2:00 Pre-College Programs (TRIO – Upward Bound/ETS)
Manager Francisco Banuelos, Director
- 2:30 Student Development/Campus Life
Manager Wendy Byrd, Director
- 3:00 Student Success/SSS (TRIO)/Special Projects/Tutoring
Manager Martha Robles, Director
- 3:30 Health Services
Present Manager Bob Nadell, VP

4:00 Executive Committee Meeting

- Matt Kennedy, Marie Otaia, Bob Nadell, Tim Nesmith, Judy Lanchester
Bob Lavey, Sandra Corazzelli, Leigh Christy, Brian Knight

MEETING MINUTES

Wednesday, September 26, 2007: Programming Phase Meeting 2

Attendees:

Bob Nadell, MJC SSvcs	Marie Otaia, Kitchell	Sandra Corazzelli, P+W
Tim Nesmeth, YCCD	see attendees below, MJC	Leigh Christy, P+W
Matt Kennedy, Kitchell	Bob Lavey, P+W	Brian Knight, P+W

Summary

The purpose of the meeting was to discuss programming process, anticipated result, overall vision, and projected schedule with staff members. New building will be about 22,000 sq. ft.

Details

Student Services User Group Meetings

1. 10:00-10:30: Admissions/Records/Evaluation/Welcome Center

Department Attendees:

Carol Ellis, Records	Sonja Palmer, Welcome Center
Joanne Nielson, Admissions	Judy Drummond, Admin/Rec/Welcome Center
Molly Boyatt, Records/Matriculation	Elisa Blandino, Testing
Lori Dangerfield, Welcome Center	Susie Agostini, Admissions + Records

Discussion:

- a) General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- b) Morris 105 is with Records office.
- c) Admissions and Records: it's currently about 1000 sq. ft. Space includes reception, counter, work areas. 5 windows will not be adequate if everyone is combined. Admissions and Records want to be one large office area accommodating about 24 workstations needed.
 - 10 Admin workstations needed (5 full time, 3 part time with own station, 4 students sharing 2 stations)
 - 14 Records workstations needed (11 full time, 4 students sharing 2 stations, 1 part time)
 - Room for 25 people in the reception area. Needs a separate counter for paperwork.
 - Reception wants to be a row of 10 windows
 - Need to have 1 office with a door (private).
 - Need storage as well for "disposable" files. Totals about 15 total 5-drawer filing cabinets.
 - Need additional storage for faculty role books equaling about 8 file cabs.
- d) Computer area is a part of this department, shared. Needs to have a computer lab to fill our applications, register, fill out financial aid, career center searches, etc. Needs to be monitored. Must be a separate room, with a door that is lockable, visually accessible (window). Computer aid would monitor this space.
- e) Evaluations (2 workstations) needs to be in an acoustically quiet area.
- f) Welcome Center: Welcome center does new student orientation, needs a workshop room, responsible for outreach, heavy users of material (need lots of storage and assembly space), need lots of circulation for students coming in talking to them. During registration, they are a big assistance to the admissions office to students who are registering. Welcome Center ambassadors' area helping students in the computer lab to register.
 - Welcome center could share the same reception area as Admissions and Records.
 - Needs to be independent and self contained.
 - Needs to be accessible when students are mobbing Admin and Records.

MEETING MINUTES

- Need a “wall of materials” for students to pick up information.
- Currently in the student center. 4 full time (4 cubicles), 1 part time, 6 students. 11 workstations total needed.
- Need a work room and should be combined with storage. Need a lobby area to accommodate people waiting. File cabs, open shelves, paper storage, pamphlets
- Shared workshop may need to accommodate 100 students. This can be the same as the shared “classroom” for this building. Can be a conference room also.
- Welcome Center may be the front door or the “bullpen”.

2. 10:30: Testing and Assessment

Participants:

Carol Ellis, Records

Joanne Nielson, Admissions

Molly Boyatt, Records/Matriculation

Lori Dangerfield, Welcome Center

Sonja Palmer, Welcome Center

Judy Drummond, Admin/Rec/Welcome Center

Elisa Blandino, Testing

Susie Agostini, Admissions + Records

Discussion:

- General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- Testing: 150 computer station lab (currently have 52). Control room, visual control, etc. Similar setup to what they currently have. Needs an independent entrance.
- 2 smaller rooms needed for private testing.
- 2 full time, 1 part time, 2 students=4 workstations.
- Need a small lobby, restrooms adjacent (could be 2 unisex). Line will backup into lobby, need to have flexibility for the overflow.
- In control room, they process the tests, visually control the room, audio control would be desirable as well.
- Storage room should be adjacent to control room. 8x8 room may be OK. Establish small, medium, large storage room standards.
- 2 offices off the testing lab (with a door and window). OK to be accessible thru testing lab. May be more than one person with some equipment. Need to be visually monitored from the Control room.
- DSPS tests here also. They are scheduled separately.
- 1 word description of space: Efficient, open, bright, spacious (x2), inviting, quiet, functional, social

3. 11:00-11:30: Financial Aid/Veterans

Participants:

Myra Rush, Financial Aid, Veterans, Calworks

Carol McKenzie, Veterans

Discussion:

- General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- Veterans: Veterans that are discharged by the Military and using their GI bill. 1 full time (private office, but doesn't need to be private from the 2 workstations), 2 students (2 workstations). Needs to be very close to counseling.
- Financial Aid: Will be moving a few people from the West Campus. They would like to keep the financial aid dept. at the west campus, but a presence is needed at the east campus. Good to be located close to Admin and Records.

MEETING MINUTES

- d) Have a couple of workstations, need to be visible. Can be a “counter” type, but no physical barrier/glass. Need an intermediate waiting room for Financial Aid (for 5-6 people). Small area for paperwork in this area, sitting area. Literature rack in waiting room.
- e) Storage: need space for about 2 lateral cabinets, and more room to grow. Should be lockable files, out of reach of students. No specific need for long term storage.
- f) 1 word description of space: Space, confidentiality, accommodation for circulation.

4. 11:30-12:15: Counseling/Career Development/Transfer Center/International Students

Participants:

Claudia Ramirez, Career Dev + Transfer Center
Leticia Cavazos, Career Dev + Transfer Center
June Hunt, Career Dev + Transfer Center
Elaine Thornton, Counseling
Dean Tsurudad, Counseling

Eric Ivory, Counseling
Derek Waring, Counseling
Pam Crittenden, Counseling
Delia Gonzalez, Counseling

Discussion:

- a) General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- b) Career Dev/Transfer : has a handout of their department, spaces. Bonus!
 - Counter, need 2 private offices (one assigned, one unassigned/small conf. room), conf. room has many uses.
 - Need space for 2 counselors with private offices. 2 full time, 3 students (2 work stations) in the Resource Center with visual access to the lab.
 - 3-4 professional working people/college reps. that will need offices.
 - Resource center has students coming in to work at tables. Separate area for workers vs shared space. Space for 50+ people.
- b) Computer room should be adjacent to Resource Center with glass between them.
- c) Conference room should accommodate 15 people (career workshops, resume)
- d) May need a larger space for 30+ people.
- e) Counseling :
 - Need space for guidance classes for 25-40. Used very often.
 - 4 offices could be separate from the Resource Center.
 - 3-4 student workers in reception/open office area=2 work stations.
 - Nix the sliding doors.
 - Tackable wall for displays in Career Dev/Transfer
 - 3 small conf. spaces, 4 offices.
 - International counselor would like a resource area, separate from counselors, identifiable on a small scale. Would like to grow this program also. Would like to have a small waiting area (not room). International student will need a workstation in the Resource Center, near the counselor. Also, a separate counseling office.
 - Lobby, reception, 20 counseling offices (does not include International) (13 full time counselors currently). 1 counselor for every 600 students (currently 1 for 1400 students).
 - Dean and secretary should have their own offices (Resource Center is too noisy).
 - Waiting room for 10-50 (peak) people. Overflow may be in bull pen.
 - Storage is generally handled within the areas they have. May need a workroom (copies, office storage).
 - Confidential storage needed: not a lockable room is necessary, lockable cabinets are acceptable out of public reach.

MEETING MINUTES

- Classroom that could be divided (50 students each). Used every day, should be close, it doesn't need to be directly adjacent.
- Acoustical separations between offices.
- f) Overall break room between the 2 groups.
- g) 1 word description of space : inviting, open, warm, confidential (for counselors), windows, light.

4. 1:00-2:00: DSPS/EOPS/Alternate Media

Participants:

Hector Duarte, EOPS Nancee Carrillo, Alternate Media John Martinez, Special Programs

Discussion:

- a) General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- b) DSPS (Disabled Student Programs and Services) also has functions in the library basement (portions of the Student Success, trio, etc). Library basement plan has been revised per what is existing currently. Lab space is shared between the two groups.
 - Need reception (2 workstations), accommodated testing classroom with desks currently.
 - Records area
 - Office can be adjacent to the lobby.
 - Resource lab is currently closed too much. Has a computer lab also.
 - 3 Counselor and 2 specialists: students check into reception area and wait to be called. Need 5 private offices. Specialist needs 2-3 separate testing areas (one on one, small groups=6 people total).
- c) 4 work stations in Alternate Media are also used by DSPS and EOPS.
- d) DSPS is students with disabilities, Alternate Media is students working for students with disabilities. Noise is a great concern. Require assisted assessment. Being adjacent to the testing center would be helpful (use of individual testing room is acceptable). Serve 200+ students per semester.
- e) EOPS (Extended Opportunities Programs and Services) : 1600 students. Also has a CARE (Cooperative Agencies Resources for Educations) program.
 - EOPS will continue to grow (no diploma).
 - 1 reception with waiting (with 3 workstations), 15 offices for counselors (4 full-time, 5 part-time)(currently has 7). Behind the counter they have 2 workstations for student workers.
 - Workroom/flexible space also is desired.
 - Lockable file cabs (2 large file cabs) in a separate room. Could possibly be in the workroom/flexible space.
- f) Programs should be close to each other, they each have counseling components. 15 counselors today all requiring private offices (walls, doors, acoustical separation = confidentiality).
- g) Financial Aid wants to be close to both programs.
- h) Veterans office wants to be close to both programs as well.
- i) All counselors meet once a month.
- j) Is Alternate Media to be included in DSPS? Alt media also wants to be close to Duplicating (library basement). If space is vacated in the basement, Alt media could expand a bit to address their needs.
- k) Both programs have instructional components, no classrooms assigned to these areas. 25-30 students. Workshops and orientations (30-140). Would like individual, but may have to share.
- l) Shared classrooms are really multi-use space.
- m) Desire for a conference room.
- n) Need to have the Dean's office and conference rooms between the 2 departments.

MEETING MINUTES

5. 2:00-2:30: Pre-College Programs (TRIO-Upward Bound and ETS)

Participants:

Santiago Uvina, TRIO/Pre-College

Francisco Banuelos, Pre-College Programs

Florida Arias, TRIO/Pre-College Programs

Sondra Laplaca, ETS & UB, TRIO, Pre-College

Discussion:

- a) General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- b) All functions are in the same space currently. If space were simply remodeled, this may be acceptable.
- c) Need a small conference room. Existing Conf. A and B are acceptable. Very important.
- d) Supervisor currently has a private office.
- e) Will be adding 2 full time employees in the next year. They will be able to fit in the space they currently have.
- f) 1 word description : easy flow, spacious, keeping his view

6. 2:30-3:00: Student Development/Campus Life

Participants:

Wendy Byrd, Student Development and Campus Life

Discussion:

- a) General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- b) Reception (entry with club mailboxes), ACE MJC office, storage, restrooms in current plan.
- c) Need space for 4-5 workstations, conference room for students (private, confidential), workroom (standing table with loads of storage underneath), etc.
- d) Happy in the student center. Use the DSPS space instead.
- e) 1 word description : energetic, bright, colorful.

7. 3:00-3:30: Student Success/SSS (TRIO)/Special Projects/Tutoring

Participants:

Kimberly Carter, Student Success/Tutoring

Martha Robles, Student Success

Shirley Miranda, TRIO/SSS

Grace Bettencourt, Student Success

Discussion:

- a) General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- b) TRIO federal program with Dept. of Education (transferring students) : can be a noisy activity. Office with visual access. TRIO wants to be close to the counseling area, with 3 additional offices.
- c) Computer lab can be linked to Tutoring center and TRIO.
- d) Entry area, need 2 offices (one for private office of director), open office area, small conference room, storage (may not have to be a separate room, some confidential files).
- e) Tutoring center provides services for all students, wants to be centralized. One locations where student come in one door, are greeted , 4 side areas for individual tutoring (between 4-25 students at one time). Tutoring center can be a hub to the other functions. Need 25 computers.
- f) Coordinator of tutoring center needs a private office.
- g) Computer lab for 25 computers. Requires a reception workstation.
- h) Files need to be kept for 7 years for TRIO and Student Success.

MEETING MINUTES

- i) Student Success needs it's own storage (2 laterals). Could be in the area with the assistant, lockable
- j) Martha's office needs to have a panic button to security and a second, separate exit. Deals with security issues. Acoustical privacy.
- k) Need flexible space to accommodate new programs for future growth.
- l) 1 word description: open, windows, visual access outside, fresh air, sunlight.

8. 3:30-4:00: Health Services

Participants:

Lori Sammis, Health Services

Cecilia Vera, Health Services

Valerie Parker, Health Services

Araceli Baliel, Health Services

Discussion:

- a) General discussion regarding what is hoped to be accomplished in this Programming Phase. Passed out executive summary to the group and reviewed. What has increased, what are the differences? What are your needs now and what should be provided for future growth?
- b) Need a private check-in area, confidentiality is important.
- c) Reception area : Nurses need to finish up paperwork following an appt., they need to be separated from their next appt. or students get irritated because they are «seen right away».
- d) Need a waiting area/lobby. These people should not hear students come in stating their reason for being there.
- e) Ideally, 3 exam rooms + 1 cot room (with 2 cots) in a quiet area. Cot room people be checked in. Tel/Data in rooms.
- f) Supply/med room should be adjacent to exam rooms.
- g) Storage room
- h) Exit door to the exterior for ambulance/security pickup.
- i) Exam rooms may want to be separate from the nursing station area. Tel/Data needed.
- j) Need an eyewash station.
- k) Unisex needed, with shelving for specimen storage, clean and dirty.
- l) Combination supply and med room.
- m) No specific need to additional storage.
- n) 3 offices (director, mental health, flex/unassigned). Direct relationship to lobby. Still would need to check into reception. Tel/Data needed in all offices.
- o) 1st floor desired.
- p) 20' required for vision chart.
- q) Hearing and vision testing. Could use one of the exam rooms for the hearing test machine.
- r) Semi private lab space within the Nurses station.
- s) 1 word description: not crowded, calm, airy, windows, accessible.

9. 4:00-4:30: Executive Committee meeting

Participants:

See attendees listed above.

Discussion:

- a) October 12, 11 :30-12 :30 conference call with Executive committee.

MEETING MINUTES

Friday, October 12, 2007: Programming Phase Conference Call 1

Agenda

1. Room Data Sheets
 - All returned, except clarification needed on TRIO Center
2. Cost Information
 - New Construction: \$400/SF
 - Renovation: \$70-\$75/SF
 - \$300,000 set aside for site work, including landscape, paving, and utilities
 - \$700,000 for renovation of 9,800 SF of Morris Building = \$71/SF
 - \$8.5 million for new building at \$400/SF = 21,250 SF
 - \$9.5 million total construction cost of 31,050 SF
3. Overall Program Square Footages
 - Goal is to find strategies to reduce project program to no more than 31,050 SF
 - Executive Summary Comparison
 - Column 1: User Requested
 - Column 2: Recommended Adjustments (first pass)
 - Column 3: Kitchell Document
 - Questions to consider
 - Which rooms can be shared?
 - Which room sizes can be reduced?
 - Who can stay where they are?
 - Who should occupy Morris vs. New?
4. Strategy for Program Meeting #3
 - Presentation of final project program areas
 - Presentation & Discussion of adjacency plan diagrams
 - Presentation & Discussion of building massing & siting options

MEETING MINUTES

Friday, October 12, 2007: Programming Phase Conference Call 1

Attendees:

Bob Nadell, MJC SSvcs
Tim Nesmith, YCCD

Marie Oyata, Kitchell
Nick Seierup, P+W

Leigh Christy, P+W

Summary

The purpose of the conference call was to compare User requested square-footages (compiled via Programming Meeting #2 and Room Data Sheet submissions) to target program area, and develop strategies for reducing requested program accordingly. Agenda and revised Executive Summary Comparison were e-mailed to attendees prior to call.

Details

1. P+W noted that all Room Data Sheets were submitted in a timely manner and used to develop revised Executive Summary Comparison.
2. P+W presented more specific pricing information received from cost estimator:
 - Estimate New Construction @ \$400/SF
 - Estimate Renovation @ \$70-\$75/SF
 - \$300,000 set aside for site work, including landscape, paving, and utilities
 - \$700,000 for renovation of 9,800 SF of Morris Building = \$71/SF
 - \$8.5 million for new building at \$400/SF = 21,250 SF
 - \$9.5 million total construction cost = 31,050 SF target project program
3. Bob Nadell noted that the MJC Library team is under the impression that all Student Services spaces in Library Basement are being vacated, as stated in IPP recently submitted to the State for funding. However, deviation from proposal is acceptable if done prior to Final State submission.
4. P+W presented Executive Summary Comparison, requesting input from Bob Nadell on which spaces might be reduced or combined in order to meet target program. Input as follows:
 - (1) Shared Classroom for 100, sub-dividable into (2) 50-person rooms is acceptable.
 - (3) Shared Breakrooms are acceptable, (1) in Morris and (1) on each floor of new building.
 - Shared Conference Rooms are acceptable.
 - (1) Large Conference Room on First Floor of new building.
 - (1) Small Conference Room on Second Floor of new building.
 - (1) Small Conference Room on First Floor of Morris Building.
 - (2) Existing Small Conference Rooms on Second Floor of Morris are also available.
 - Student Development can stay in Student Center.
 - Pre-College can stay on Second Floor of Morris Building.
 - Appropriately consolidate separate lobbies, reception and waiting areas into shared spaces.
 - Better use of staff.
 - Health Services is an exception.
 - Appropriately consolidate separate storage and workrooms into shared spaces.
 - Reduce number of Counseling Offices from (20) to (18).
 - Reduce number of EOPS Counseling Offices from (15) to (10).
 - EOPS & DSPS can share a single Workroom.
 - TRIO Center purpose requires clarification from Director Martha Robles.
 - Reduce Cot Room sizes from 150 SF to 120 SF.

MEETING MINUTES

- Reduce Health Service Directors Office sizes.
 - Only (1) Director at 150 SF.
 - (2) standard offices at 100 SF each.
 - Existing Mailroom and Facilities can stay where they are on First Floor of Morris Building, but some budget should be set aside for minimal sprucing up, such as painting.
 - Budget numbers listed above will need to be slightly adjusted for this.
5. Next steps discussed.
- P+W will revise the Executive Summary Comparison with input listed above and send to all meeting attendees for review and comment prior to next Programming Meeting on 10/23.
 - Kitchell Document information can be removed.
 - Include Existing Facility information instead.
 - By 10/19, P+W will send out “final” Executive Summary Comparison along with Agenda and any other relevant documentation for dispersal to Users in preparation for 10/23 meeting.
 - Executive Committee will meet for the hour prior to next User Group Meeting on 10/23 to go over what is to be presented to the Users and strategize presentation.
 - Programming Meeting #3 will include:
 - Presentation of project program areas.
 - Presentation & Discussion of adjacency plan diagrams.
 - Presentation & Discussion of building massing and siting options.
 - Kitchell noted that a site survey is in progress and will send P+W a draft copy for use in developing building siting options as soon as possible.

MEETING MINUTES

Tuesday, October 23, 2007: Programming Phase Meeting 3

Agenda

11:30 **Meeting Preparation**

MJC West Campus MSR #113

Matt Kennedy, Marie Ota, Tim Nesmith

Bob Lavey, Leigh Christy, Brian Knight

12:00 **Executive Committee Meeting**

MJC West Campus MSR #113

Matt Kennedy, Marie Ota, Bob Nadell, Tim Nesmith, Judy Lanchester

Bob Lavey, Leigh Christy, Brian Knight

1:00 **User Group Meeting**

MJC West Campus MSR #113

Student Services User Group (Deans / Department Heads)

Executive Committee

- 1:00 Review of Proposed Program Areas
- Acceptance of Meeting #2 Meeting Minutes
 - Overview of estimated budgeting costs
 - Walk through of Executive Summary

- 2:00 Review of Adjacency Matrix
Review of Departmental Blocking Diagrams

- 3:00 Presentation & Discussion of Building Siting Options

- 3:50 Next Steps

MEETING MINUTES

Tuesday, October 23, 2007: Programming Phase Meeting 3

Attendees:

Bob Nadell (BN), MJC SSvcs
Tim Nesmith (TN), YCCD
Judy Lanchester (JL), YCCD

Mark Newton, (MN), Kitchell
Matt Kennedy (MK), Kitchell
Marie Otaya (MO), Kitchell

Bob Lavey (BL), P+W
Leigh Christy (LC), P+W
Brian Knight (BK), P+W

Summary

The purpose of this User Group meeting was to reach agreement on feasible target program areas; to confirm adjacencies developed from Meeting #2 and the submitted Room Data Sheets; and to gather feedback on proposed site configurations for the new building.

Details

1. Executive Committee met first to discuss budgetary issues in detail.
 - P+W outlined estimated budgeting numbers and resultant target program areas.
 - Kitchell concurred with projected costs; MN noted that they were seeing little discount in Modesto as contractors were still coming from Sacramento, San Francisco, Stockton.
 - P+W and Kitchell agreed that it may make sense monetarily and logistically to bid new building and Morris renovation as two separate packages.
 - BN noted that they were not expecting much to happen in Morris Building in terms of changing walls, but requested something be done with HVAC temperature fluctuations.
 - P+W noted this could be a major cost item.
 - TN and JL said it could be a control issue and Facilities would investigate.
 - TN also noted that YCCD could provide material and labor for paint and some lighting in Morris Building renovation to offset costs.
 - TN suggested that MJC and/or each department could possibly cover flooring and base costs for Morris Building renovation to further offset costs.
2. P+W noted that all Room Data Sheets were submitted in a timely manner and used with the annotated Meeting Minutes from Meeting #2 to develop revised Executive Summary Comparison and Diagrams.
3. P+W presented PowerPoint with estimated budgeting numbers, resultant target program area, and Executive Summary Comparison by department plus Departmental Blocking Diagrams developed from Meeting #2 and Room Data Sheets. (See attached Power Point w/ notes.)
4. P+W continued PowerPoint presentation, briefly reviewing room Adjacency Matrix developed from Meeting #2 and Room
 - PDF version of this file to be sent out to Users to verify relationships.
5. P+W concluded PowerPoint presentation showing Morris Building floor plans with emphasis on filling vacated spaces wisely to keep costs down. (See attached Power Point w/ notes.)
 - Programs with a lot of additional electrical or plumbing requirements are not recommended.
 - Pre-College will likely stay in current location on Second Floor.
 - Programs placed on First Floor should require similar spaces to existing, i.e. offices.
6. P+W presented existing site plan and 1:50 scale site model with (5) building massing / siting options, followed by discussion. Several students joined in discussion.
 - To achieve One-Stop-Shop approach, buildings should be as close as possible.
 - Free Speech stage and old-growth trees should stay if at all possible.
 - Locate building to leave the most large open space possible.
 - Lightness of building and natural light in spaces important.
 - 1-story scheme takes up too much of the quad and is therefore not acceptable.

MEETING MINUTES

- Is a 3-story scheme an option ?
 - What would the aesthetics be to tie the new building into all other buildings on campus?
7. Next steps discussed.
- P+W to send out Adjacency Diagram file with Meeting Minutes for User review and comment.
 - Dr. Nadell to work with District and Kitchell to determine criteria for determining who gets a closed office vs. an open workstation.
 - P+W will revise the Executive Summary Comparison and Departmental Blocking Diagrams with input listed above and present Final Programming Document DRAFT during the final Programming Meeting on 11/02/07.
 - Final Meeting in MJC West Campus District Conference Room B.

EAST CAMPUS PHOTOGRAPHS

Program Adjacencies and Standards

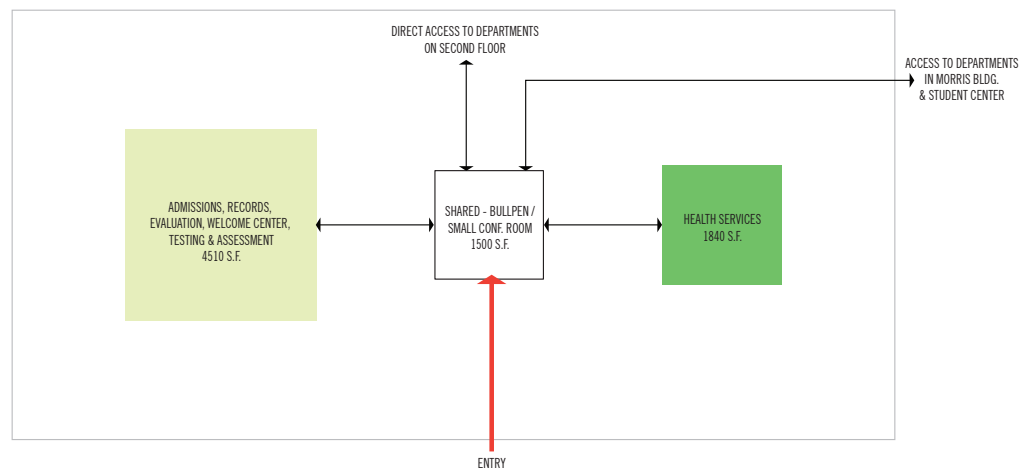

COMPREHENSIVE ADJACENCIES

Student Services Building

2ND
FLOOR

1ST
FLOOR

Program

The facility is planned as a “One Stop Shop” Student Services Building that maximizes efficiency and openness. The above diagram depicts all program spaces within the Student Services Building.

Planned Uses

This facility will function as the student services center for the Campus, one of two for the College. It includes spaces for student interaction with supporting staff and encompasses services that students need to “Start, Stay and Leave” successfully.

Special Considerations

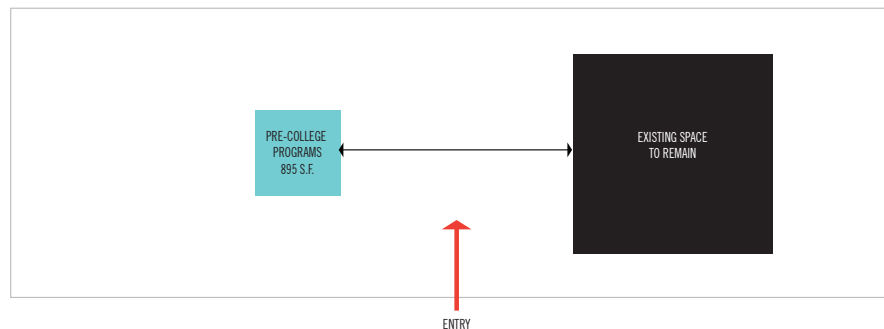

Facility staffing will be such that a shared control point for the building is crucial to the ability for the building to stay open after regular business hours. Health Services must be on the First Floor to facilitate its use. All parts of the building should comply with universal design standards.

COMPREHENSIVE ADJACENCIES

Morris Memorial Building

2ND
FLOOR

1ST
FLOOR

Program

The facility is planned as a Student Service and Administrative Office Building, and the renovated facility will be similarly programmed. The above diagram depicts the Student Service related spaces.

Planned Uses

This existing facility houses Student Service related functions on the First Floor and a portion of the Second Floor, and offices for administration on the Second Floor. The renovation will maintain Student Service functions on the First Floor and a portion of the Second Floor, but redesigned as required. Administration offices will be considered existing to remain, and are not a part of this program.

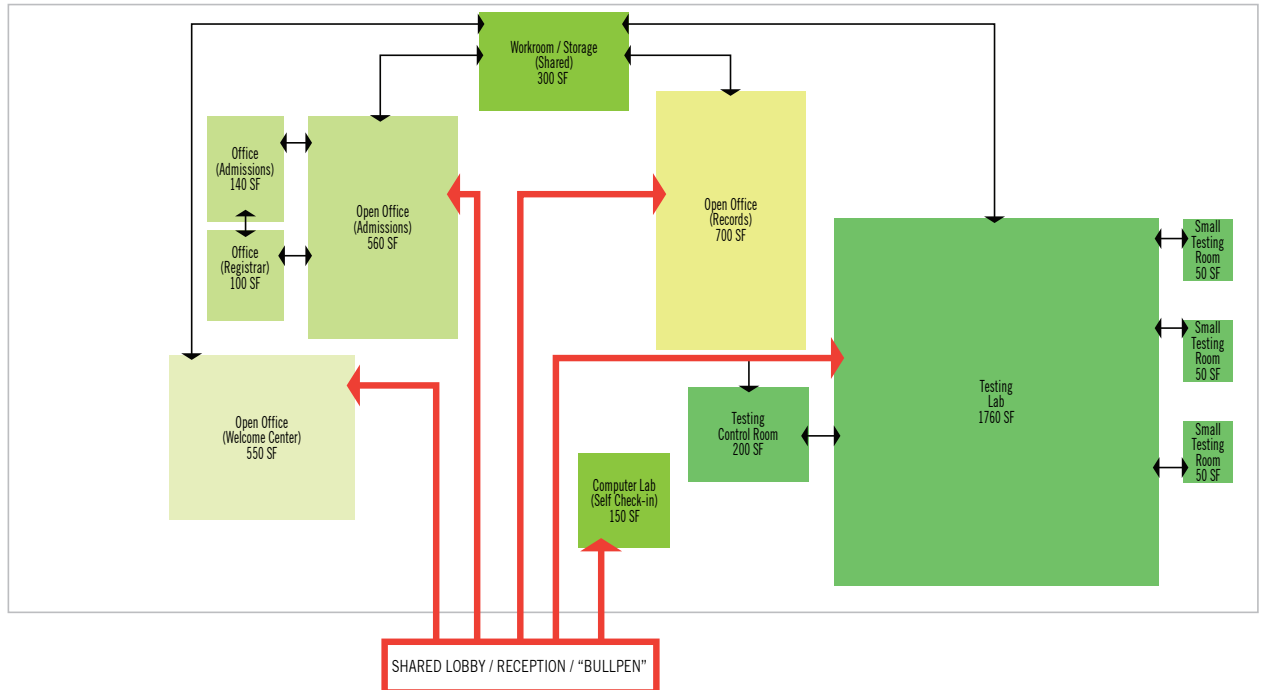

Special Considerations

Budgetary requirements dictate that a minimum portion of the construction cost be spent on the renovation of this facility. Therefore, inserted program must be able to fit within the existing wall configurations as much as possible and require a minimum amount of plumbing and electrical work.

DEPARTMENTAL ADJACENCIES

Admissions, Records, Evaluation, Welcome Center, Testing & Assessment

Program

The Admissions, Records, Evaluation, Welcome Center, Testing & Assessment departments offers student orientation, student testing and evaluation, student admissions and enrollment services, and student records requests for the Modesto Junior College campus.

Planned Uses

These departments handle to administration of incoming and outgoing MJC students throughout the school year. The majority of these spaces are office environments with most utilizing an open office strategy.

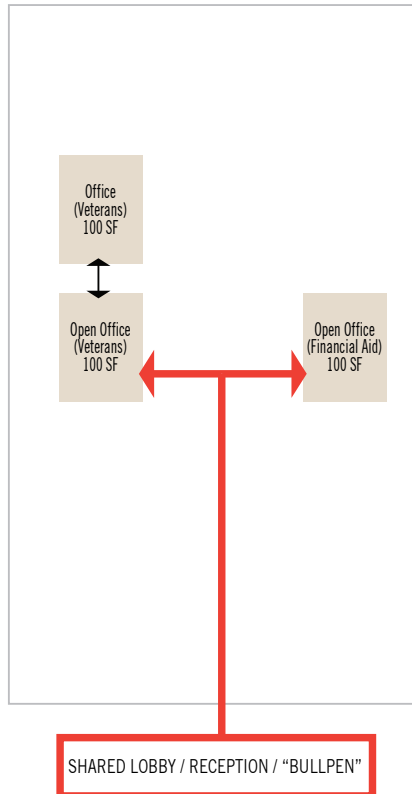

Special Considerations

The Welcome Center and the Computer Lab (Self Check-in) should be located near the main entry to the building Testing and evaluation will need access during off-hours (weekends).

DEPARTMENTAL ADJACENCIES

Financial Aid

Program

The Financial Aid department offers financial aid processing and administration for students of the Modesto Junior College campus.

Planned Uses

These office will help process and administer the financial aid requirements of MJC students. The Veterans component will help with GI Bill information and form completion services for veterans.

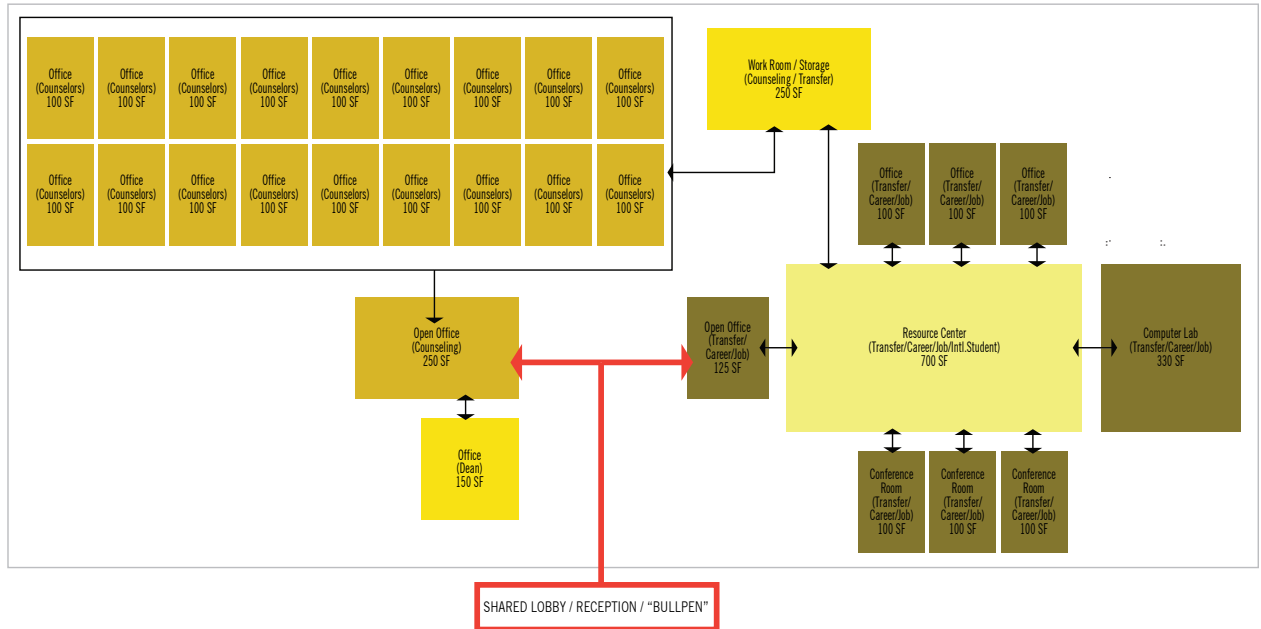

Special Considerations

The Veterans component will need to be close to Counseling. The Financial Aid component will need to be close to Admissions and Records. First floor location would be preferable for this department.

DEPARTMENTAL ADJACENCIES

Counseling, Career Development, Transfer Center, International Student Program

Program

The Counseling, Career Development, Transfer Center, International Student Program departments offer career and academic guidance for students of the Modesto Junior College campus.

Planned Uses

Career counseling services for students will be located in this space. Academic counseling and guidance will be located here as well. A Transfer Center will help accommodate the needs of incoming high school students and students continuing on their academic career.

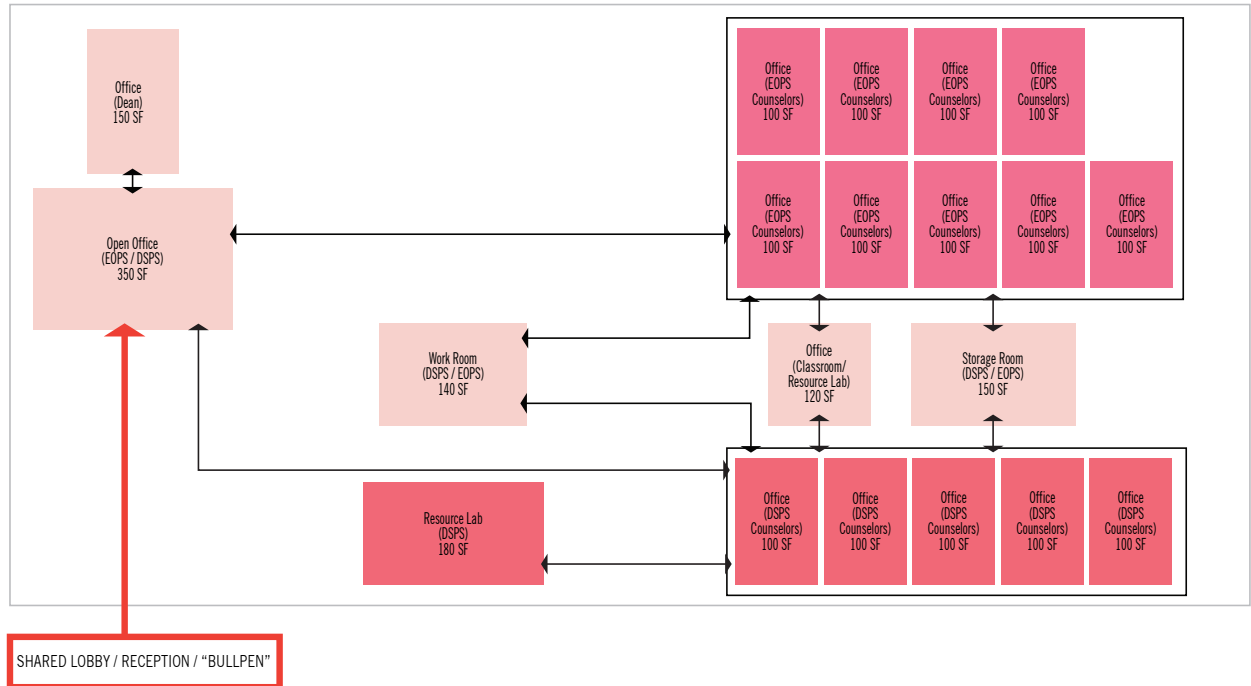

Special Considerations

A large number of private offices are necessary for private consultations and guidance. Transfer Center and Computer Lab will require spaces for literature and reference materials.

DEPARTMENTAL ADJACENCIES

DSPS/EOPS/Alternative Media

Program

The DSPS/EOPS departments offer guidance and counseling services for students with disabilities and serve as a resource for EOPS and CARE programs.

Planned Uses

These departments will share a workroom for students and counselors. A resource lab will be available for students interested in DSPS, EOPS, and CARE programs.

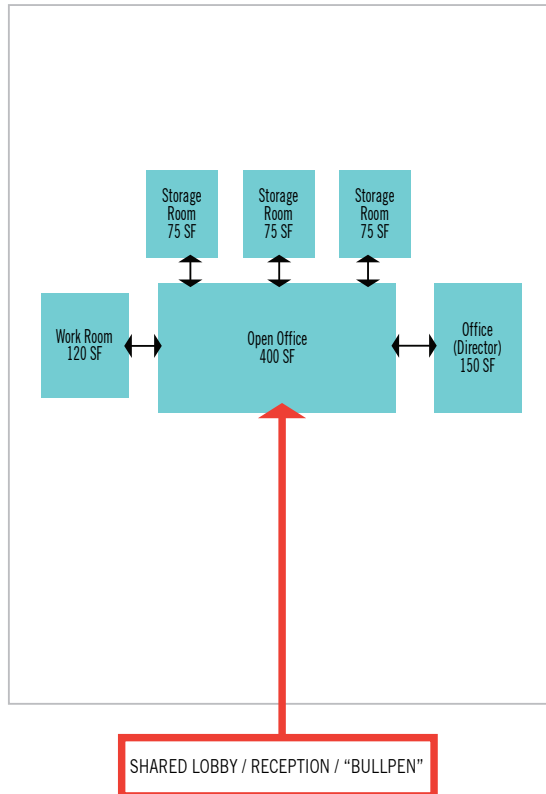

Special Considerations

The Alternative Media will be located in the former Admissions space in the Student Center. DSPS and EOPS should be close to Financial Aid.

DEPARTMENTAL ADJACENCIES

Pre-College Programs (TRIO, Upward Bound, ETS)

Program

The Pre-College Programs (TRIO, Upward Bound, ETS) department offers resources, guidance, and administration services for incoming students to Modesto Junior College.

Planned Uses

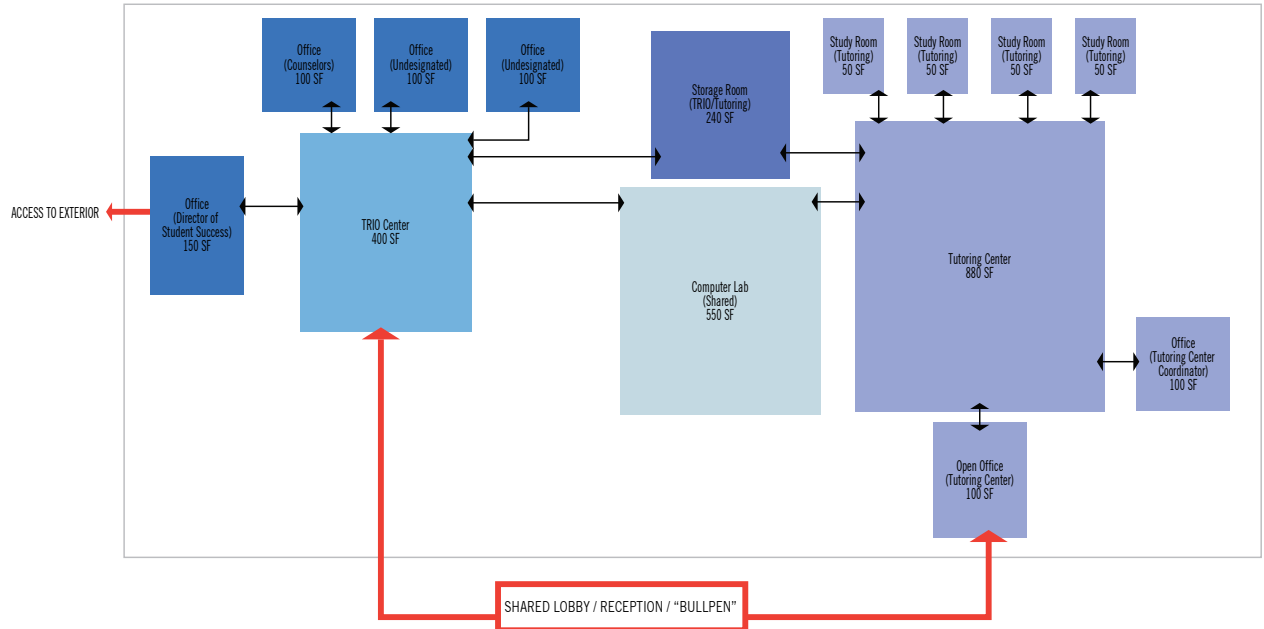

These spaces consist of closed and open offices and storage for student records and archives.

Special Considerations

This department will remain in its current location within the Morris Memorial building.

DEPARTMENTAL ADJACENCIES

Student Success, SSS (TRIO), Special Projects, Tutoring

Program

The Student Success, SSS (TRIO), Special Projects, Tutoring departments offer academic tutoring services and resources for TRIO and student success programs.

Planned Uses

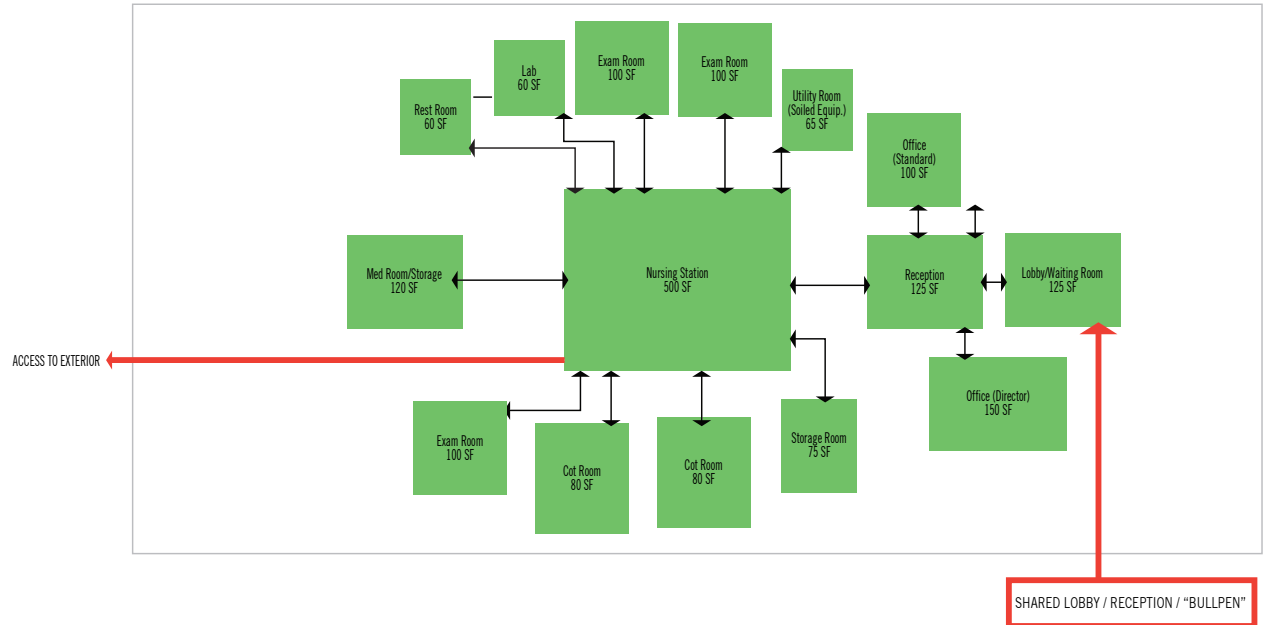

A large computer lab and tutoring center with individual study rooms will be available to students of Modesto Junior College. These resources are shared between the components of this department.

Special Considerations

The Director's office needs an "escape hatch." These departments deal with security issues and needs a lockable storage area for confidential documents.

DEPARTMENTAL ADJACENCIES

Health Services

Program

The Health Services department offers health services to the students and faculty of Modesto Junior College.

Planned Uses

The department is used for student exams and physicals. Faculty also sometimes uses the center.

Special Considerations

The department needs to be on the first floor to facilitate its use. EMT entrance/exit of the exam rooms and vehicle access for waste are required.

DEPARTMENTAL ADJACENCIES

Shared/Other

Program

The Shared/Other spaces consists of a large classroom/workshop, large and small conference rooms, a faculty break room, and the main lobby space known as “The Bullpen”.

Planned Uses

The Bullpen will serve all the Student Services departments and will serve as a flexible lobby and reception area. Faculty meetings will be held in the conference rooms and the workshop and classroom will be shared by all departments within Student Services.

Special Considerations

The shared workshop/classroom will need to be configured to become a divide space when necessary.

Adjacency Matrix

A graphic representation of intra- and inter-departmental room adjacency requirements. Red represents required adjacencies, yellow represents desired adjacencies, and green represents no adjacency required.

SPACE STANDARDS

Classroom Standards

Small Classroom (35 pupils) @ 20 sf/pp = 700 SF

Medium Classroom (50 pupils) @ 17 sf/pp = 850 SF

Large Classroom (70 pupils) @ 15 sf/pp = 1050 SF

Note: State Standards = 15ASF/station

Reference: California Code of Regulations, Title 5, Section 57028

Planning For Individual Offices

There are no adopted State standards related to the size of individual offices. Districts find it necessary to develop “local” office space standards to assure consistency while working within the aggregate allocation of space allowed by the State. An example of such a set of standards shows how much space is deemed appropriate for the type of occupant. It is important to emphasize that each district is and should be free to develop the standards that fit its local circumstances.

Office Standards For Planning Purposes

Deans / Directors 150 SF

Counselors 100 SF

Conference Room (5-10 persons) ~200 SF

Conference Room (15-20 persons) ~450 SF

Open Office Workstations 48 SF

Testing / Lab Workstations 22 SF

Large Conference Room: 450 SF

Small Conference Room: 200 SF

Office: 100 SF

Dean / Director Office: 150 SF

Open Office WS: 50 SF

Testing WS: 22 SF

SPACE STANDARDS

Shared Workshop / Large Classroom: 1200 SF

H. Natural Daylight ☒ Direct View To Exterior ☐ Skylighting ☐ Natural Sunlight Required, View Not Required
I. Display Area ☒ Tackable Wall ☐ Tackboards ☒ Display Cabinets To House
Tackable display area 100%

J. Built in Cabinetry Counter near office entrance so that students can talk to technicians w/o accessing private area

K. Electrical Yes

L. Water

M. Special Ventilation

N. Communications ☒ Telephone ☒ Intercom ☐ Public Address ☒ Network ☐ Cable
☐ Other

P. Access Testing Lab, Lobby, check-in/seating area, view from Testing Office

Q. Furniture / Equip. Workstations, chairs, computers

R. Other Comments. Rest Room must be accessible within the Testing Center for evening testing so that students (especially disabled) do not have to go out and around the building. Students must not be able to exit into other departments or offices...or if the exit is into a Lobby, other offices must have the ability to lock their offices. Need space for up to 150 to check-in for test. We need a check-in/seating area separate from Testing Lab but accessible from Testing Control Office so that large crowds do not interfere with the operation of other departments.

ROOM DATA SHEETS

Campus Name Modesto Junior College - East Campus
Department Name Admissions/Records/Eval/Welcome Ctr
Sub-Department Name Computer Labs

Space Title Testing Lab
Square Footage 1760
Number of Spaces 1
Number of Users in Space 80

A. Activities ☐ Meetings ☐ Storage ☐ Office Environment ☐ Lobby ☒ Educational ☐ Support Space

P. Access Needs to be centralized - all students are served.

Q. Furniture / Equip. 20 round tables w/ (3) students per table, 10 computers with workstations to accommodate (2) students at one system, literature rack, (3) low cubicle workstations w/ (4) student per station and white boards for each, coin operated copier, Go Print System, Media and movable chairs. Room needs to be able to have blinds or a method in which to darken the room. All cabinets and storage lockable.

R. Other Comments. Center provides services for all MJC students. Serves 450-600 students each semester with 40-45 tutors. Needs work area for student use with copier, Go-Print System, stapler, hole punch, etc. Break Room to accommodate student employees. We have 40 student employees who work around their academic schedule who need access to water, snacks, lunch, etc. and there is no eating in the Center. Room needs to be flexible to be used for workshops/training.

Site Diagrams

PREFERRED SITING SCHEMES

The Slider

This scheme attempts to act as the connective tissue that links the three structures that will house the comprehensive student service programs. The angled north face of the building links the Student Center front door with the Morris Building front door. This visual connection is important to creating a main space that includes unique individual buildings and maintains a cohesive feel between the structures. The main entrance will be on the north side of the building and will look out onto the main quad and the free speech steps. During times of high activity, the main quad will become the front yard for all three student services structures and will help activate the heart of the campus. This scheme will most likely result in the loss of one or two of the existing trees on the site.

PREFERRED SITING SCHEMES

The Line Drive

This scheme attempts to retain the visual connection between the Morris Building and the Student Center by splitting the building into two main components. These wings are connected with a largely transparent “Bullpen” area through which one maintains the visual connection between the main structures. The central location of the bullpen allows for effective circulation between the constituent departments, both inside the new structure and into the departments that will remain in the existing structures. Although this version is more centrally located on the quad than the other schemes, it will result in the loss of none of the existing mature trees. It will result in three large green spaces in and around the new building allowing for discrete functions to occur simultaneously on the main quad.

PREFERRED SITING SCHEMES

The Triple

This scheme moves part of the program into a three story building. This will allow for a much smaller footprint on the main quad, retaining a larger amount of existing green space. Its smaller perimeter will still allow for the visual connection between the Morris and Student Center buildings and its north facing main entrance will open out onto the main green space of the campus. The height of the building will help emphasize that this is the heart of the campus. This more prominent building will announce itself—and the campus—to the city of Modesto. Although the prominence of the building and the larger amount of retained green space are beneficial to the site, the smaller floorplates may result in a less efficient building. This scheme will result in the loss of one or two of the existing trees on the site.

STACKING DIAGRAMS

STUDENT SERVICES BUILDING (NEW CONSTRUCTION)

MORRIS MEMORIAL BUILDING (EXISTING RENOVATION)

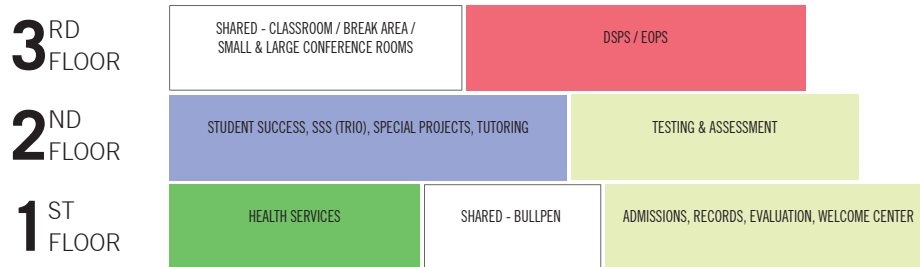

Two-story Schemes

There are two proposed schemes that are configured into a two story structure. The above diagram shows the relationships between the floors based on programming in both the new building (upper diagram) and the Morris Memorial building (lower diagram).

STACKING DIAGRAMS

STUDENT SERVICES BUILDING (NEW CONSTRUCTION)

MORRIS MEMORIAL BUILDING (EXISTING RENOVATION)

There is one proposed scheme that is configured into a three-story structure. The above diagram shows the relationships between the floors based on programming in both the new building (upper diagram) and the Morris Memorial building (lower diagram).

SITE MODELS (PREFERRED SCHEMES)

The Slider

The Line Drive

The Triple

SITE MODELS (ALL SCHEMES)

1. The Slider

2. The Line Drive

3. The Triple

4. The Single

5. The On-Deck

6. The Outfield

The Bench Warmers

The first three have been described in the previous pages and represent the preferred schemes. The fourth, The Single, is a one-story building. The potential cost effectiveness of this one-story scheme is outweighed by the fact that it almost completely covers the main quad. The fifth, The On-Deck, is a two-story building that attempts to maximize the open space by pushing the structure close to the Morris Building. Although this does free up a significant portion of the main quad, the building's orientation is counter to optimum solar orientation. This may result in higher operating costs over the life of the building. It also completely blocks the entrance to the Morris Building from the rest of the quad. The sixth, The Outfield, puts the new building on the opposite side of the quad. This emphasizes the existing pedestrian circulation in front of the Student Center and attempts to reinforce the "main street" of the campus. This scheme saves a large portion of the quad as well, but puts the building too far away from the existing Morris building and for this reason is deemed inappropriate.

BASIS OF COST MODEL

Cost Model Prepared From

Information issued from Perkins + Will 10/23/07 - 10/30/07

Discussions with the Project Architect

Conditions of Construction

The pricing is based on the following general conditions of construction

A start date of Spring 2009

A construction period of 15 months

The general contract will be competitively bid with qualified general and main subcontractors

There will not be small business set aside requirements

The contractor will be required to pay prevailing wages

The renovation work will start after completion of the new addition

The general contractor will have full access to the site during normal business hours

EXCLUSIONS

Owner supplied and installed furniture, fixtures and equipment
Loose furniture and equipment except as specifically identified
Security equipment and devices
Audio visual equipment
Hazardous material handling, disposal and abatement
Compression of schedule, premium or shift work, and restrictions on the contractor's working hours
Design, testing, inspection or construction management fees
Architectural and design fees
Scope change and post contract contingencies
Assessments, taxes, finance, legal and development charges
Environmental impact mitigation
Builder's risk, project wrap-up and other owner provided insurance program
Land and easement acquisition
Escalation beyond a start date of Spring 2009
