Measure E Bond Program Phase I Projects

PROGRAM PROGRESS

The planning process for the MJC East and West Campuses' continues.

Allied Health: Schematic design in process with detailed floor plans being developed for the individual disciplines.

Agricultural Complex (including the Greenhouse, Living Units, Pavilion and Animal Units): Agriculture Project Committee has approved Ag-Housing project schematic design. The civil engineering is complete. Conceptual designs for the Ag-Pavilion have been approved by the Agriculture Project Committee.

Parking Structure: Conceptual design is in process. Traffic studies are being performed. Site surveying for the two proposed sites are in process.

The Student Service and the Softball Field projects are on hold pending the outcome of the Educational Master Plan and Campus Master Plan.

West Side Center: Educational Master Plan and the Business Plan, including demographics are being prepared by the college planning committee. The preparation of the state application continues.

Measure E Coordinating Committee Update

Measure E meetings are on hold until MJC moves forward with drafting the MJC Educational Master Plan and determining program location and distribution to east and west campuses.

CONSTRUCTION PROGRESS

Auditorium Project: Construction continues. Footings on the North Side of the building have been poured. Slab work in process.

Footings along the west and south side of the building are in the process of being excavated.

Other demolition, electrical and mechanical work continues throughout the project.

Construction Bulletins will be posted on the MJC web site weekly for notification of any planned disruptions.

Scheduled Maintenance: Replacement Lights for Practice Field (Softball) is in process. Scheduled completion is end of December.

Potential Construction Issues

Dust: Dust Control will be the responsibility of the General Contractor
Utility Shut Down: None
Traffic: None.
Parking: Parking Lot F at MJC East Campus will be closed beginning 9/18/06. Parking along College Avenue will be impacted due to construction.
Odors: No unusual odors are expected in the coming month.

If you have any questions or concerns about ongoing construction activities or would like to get additional information about ongoing design projects, please contact Kitchell CEM at 575-6991.
