

TB CLEARANCE INFORMATION

Your assignment with Community Lifelong Learning requires a TB clearance. Instructors must provide proof of clearance prior to being in the classroom. Please do not undergo TB clearance procedures without FIRST making sure that your completed application is accepted, and the MJC Community Lifelong Learning staff member has directed you to begin the TB clearance process.

TB screening is available through our campuses and is valid for 4 years. There is no charge for this service. If you choose to go to a source outside of those listed, you will be responsible for charges incurred.

Modesto Junior College TB Clearance - TB clearance is available in the office of Health Services at the locations listed below. You may call to confirm that a nurse will be available PRIOR to going to your screening.

MJC Health Services Locations:

East Campus Morris Memorial #108 (209) 575-6038

West Campus Yosemite Hall #114 (209) 575-6281

If you have any questions regarding the TB clearance or requirements, you can contact the Community Lifelong Learning office at (209) 575-6063 or email at commedoffice@mjcc.edu. Thank you.
