Based upon that discussion a tentative list of Board priorities was developed. The Chancellor Office was asked to prepare draft language for their review at this meeting.

A copy of the statement is attached. The Board is required by law to hold a public hearing to review the report and direct that it be filed with the Stanislaus County Superintendent of Schools and the California Community Colleges Chancellor's Office. Staff will formally present the report and respond to questions.

RECOMMENDATION: That the Board of Trustees:

- a. Conduct a public hearing to review the District's financial report for the quarter ended June 30, 2006;
- b. Direct Staff to submit a copy of the required report to the Stanislaus County Superintendent of Schools and the California Community Colleges Chancellor's Office.

II. ACTION ITEMS

C. Discussion Items

4. Representatives to the VIP/JPA Board of Directors

The bylaws of the Valley Insurance Program Joint Powers Agency require that:

“Each member of the authority shall appoint two members to the Board of Directors. One Director for each member may be an elected official of the member’s governing board. The other Director for each member shall be a management-level employee of the member.

In addition, each member shall designate one Alternate Director, who may either be an elected official of the member’s governing body or a management-level employee of the member.”

Based on the above, it is necessary for the Board of Trustees to appoint a management-level employee to the VIP/JPA Board of Directors. Ms. Teresa Scott’s (management-level employee) term expires September 30, 2006. Ms. Diane Wirth (alternate director position) and Mr. Abe Rojas (elected official position) are in the middle of two-year terms.

RECOMMENDATION: That the Board of Trustees appoint Ms. Teresa Scott to the management-level employee position for a two-year term to begin October 1, 2006, and expire September 30, 2008.

6. ☆2006-2007 Final Budget

On June 14, 2006, the Board of Trustees adopted the 2006-2007 Yosemite Community College District Tentative Budget. The 2006-2007 State of California Budget, which includes the Community College Budget, was signed by the Governor in mid-July.

The District’s 2006-2007 General Fund Budget is prepared assuming no new enrollment growth over the prior year. Apportionment revenue recognizes a 4.5% decline in enrollment from the prior year. Modesto Junior College declined by 3% and Columbia College reported an FTES decline of 10% at the end of fiscal year 2005-2006. Overall, this represents a 4.5% decline in FTES District-wide. The loss of apportionment revenue attributed to the reduced enrollment is approximately \$2.3 million. The Colleges must first make-up the 4.5% FTES decline before any new growth revenue is earned.

The Colleges and Central Services expenditure budgets for 2006-2007 were not reduced due to the loss of apportionment revenue from declining enrollment. Equalization revenue was used to offset the revenue loss. Therefore, the District’s base expenditure budget is comparable to the prior year.

II. ACTION ITEMS

C. Discussion Items

6. ☆2006-2007 Final Budget, continued

The Budget includes a 5.92% cost-of-living adjustment (COLA). A portion of the COLA funds have been allocated to the Colleges and Central Services to cover the cost of step and column compensation increases, estimated medical benefit increases, payments for the STRS Golden Handshake, energy cost increases, a new instructional program at Columbia College's Baker Station, upgrades to hardware to run the Datatel instructional, student, and administrative software, and other miscellaneous new operating costs. The COLA balance is held in a District contingency account.

A new funding model for California Community Colleges was passed by the legislature, and is on the Governor's desk for signature. SB 361 is a comprehensive reform to the formulas that allocate general purpose apportionments to the 72 Community College Districts in California. The District's State Apportionment Budget is based on the new funding formula.

It should be noted that a contribution to the Retiree Liability Fund is not budgeted in the 2006-2007 Final Budget. Contributions to fund the unfunded retiree liability must resume at the latest next fiscal year. The District will make a transfer this fiscal year to the fund if resources become available. The District recently completed a retiree benefit actuarial study to determine the current unfunded liability associated with retiree benefits. Staff will determine the amount that should be transferred on an annual basis to the Retiree Liability Fund. This amount will be included in budget planning for the 2007-2008 fiscal year.

Also presented are the District's Capital Project Fund and the General Obligation Bond Fund for fiscal 2006-2007.

RECOMMENDATION: That the Board of Trustees:

- a. Conduct a public hearing regarding the 2006-2007 Final Budget for the Yosemite Community College District;
- b. Adopt the District's 2006-2007 Final Budget; and
- c. Authorize staff to prepare and file the necessary annual Financial and Budget Report (CCFS-311) with the required agencies.
