2365 Recording

Any audio and/or video recording requested by the Board of an open and public Board meeting shall be subject to inspection by members of the public in accordance with the California Public Records Act, Government Code Sections 6250 et seq. Such recordings shall be maintained for at least thirty days following the taping or recording.

Persons attending an open and public meeting of the Board may, at their own expense, record the proceedings with an audio or video recorder or a still or motion picture camera or may broadcast the proceedings. However, if the Board finds by a majority vote that the recording or broadcast cannot continue without noise, illumination, or obstruction of view that constitutes or would constitute a persistent disruption of the proceedings, any such person shall be directed by the Chair of the Board to stop the recording.
