2745 Board Self-Evaluation

The Board is committed to assessing its own performance as a Board in order to identify its strengths and areas in which it may improve its functioning.

To that end, the Board has established the following processes:

- Once a year, in August, the Board will conduct a self-evaluation.
- The evaluation instrument incorporates criteria contained in these Board policies regarding Board operations, as well as criteria defining Board effectiveness promulgated by recognized practitioners in the field.
- Board members will be asked by the Board Chair to complete the evaluation instrument, which is a public document, and submit them to the Secretary/Clerk of the Board prior to the meeting in August, no later than 14 calendar days in advance.
- A summary of the evaluations will be presented at least five calendar days prior to the discussion at the Board meeting scheduled for that purpose.
- The result will be used to identify accomplishments in the past year and goals for the following year.
