

Modern Campus 8/23/2023

Meeting Notes:

- Emily has accepted a new position within Modern Campus and Chris Zack will be your new Project Manager.
 - Chris has a reoccurring meeting that conflicts with our current weekly schedule so I will be in touch shortly with new times for the weekly check in meetings.
 - Chris' contact information is czack@moderncampus.com
- Emily is meeting with Linda and Chris internally to work on the timeline for the board presentation on September 13th.
- Yosemite provided an update on the missing Profile template.
 - There was a miscommunication with Vision Point on the template during the design phase. Vision Point did not develop a Profile template and have stated they consider the design project complete. If Vision Point does the design for the Profile template, there will be an additional cost to Yosemite.
 - Joshua with Yosemite is going to build the template based on the design files that Vision Point did design.
 - Emily forwarded the link Vision Point provided to the design files.
